Lynne Knight
Michael Molamphy
Darien Provence
Radhika Rao
Craig Troxclair

Lodi Public Library
Literacy and Programs Manager:
Yvette Herrera

Dear Friend,

Did you know that the Lodi Public Library was formed in October 1885? That is 137 years of supporting children, youth, family and community. The Lodi Public Library is committed to meeting the informational, educational, vocational, recreational and cultural needs and interests of patrons living in Lodi and the neighboring areas of Woodbridge, Lockeford, Acampos, Morada and Stockton.

The Friends of the Lodi Public Library is an all-volunteer non-profit organization. We have supported our community library since 1979. Our mission is to advocate for and promote library services, and we have raised hundreds of thousands of dollars since our founding to fund community programs, a robust and current media collection, and high-quality innovative technology.

The Friends of the Lodi Public Library hopes you will join us in our goal to have fun while raising funds. Library staff want to offer STEAM-based experiences for children and youth in 2023. These activities will provide our young patrons with opportunities to participate in hands-on STEAM (Science, Technology, Engineering, Art, and Math) events.

The Friends of the Lodi Public Library offers you an evening of TRIVIA BEE entertainment at Five Window Beer Company. Quizmaster Kevin (Quizmasterkevin@instagram.com) will challenge you with questions on STEAM (Science, Technology, Engineering, Art, and Math). **We need players! We need audience members! We need sponsors!**

Jump on board as we go Full STEAM Ahead to provide enriching opportunities to Lodi Public Library youth.

Warmly,

Kathryn Siddle, President
